## INSTRUCTIONS

This form should be used to provide supporting information on domestic geographic name problems. A full statement covering the field investigation of each name is necessary in order that adequate evidence may be submitted in proper form to the Board on Geographic Names for decision. Names should be reported if they fall in one of the following categories:

1. Names that have more than one local spelling.
2. Names where local spelling differs from that shown on previously published maps or reports.
3. Conflicting name usage due to change in property ownership.
4. Conflicting published names or application.
5. New or proposed name for features previously unnamed.  
(Use BGN Form 9-1344.)

Established names in local use, even if previously unpublished, are not considered new names. If spelling, application, and extent of use are undisputed, a name may be accepted for publication without submitting it to the Board on Geographic Names for approval.

This form is furnished in triplicate, Geological Survey offices should submit first two copies through appropriate channels to Geographic Names Section, Topographic Division. Other Government agencies submit in accordance with established agency procedures.

Private individuals or non-Federal agencies, submit original only to Executive Secretary for Domestic Geographic Names, U.S. Geological Survey, Room 1040 GS Building, Washington, D.C. 20242.
